*MCL Riverview Detachment 1226*

## *A Message From Your New Commndant*

To reiterate what I brought up at the last regular meeting, it would be Marine worthy for our members to focus on recruiting, retention, and coming to the regular monthly meeting. We need your ideas for the above as to how we can further increase donations for our coffer to aid programs that we are committed to support. We are in that time of the year for the Rose fund drive and I like to report that our last couple of weeks are going well, each month totals will be announced at our regular meeting by our paymaster Mr. Tucker. We need to get assistance for these and our other programs. Remember the VFW breakfast, third Sunday of month, bring the whole family and eat all you can handle for a mere \$7.00. Semper Fi Marines (to include all service members)

## **History of the Women Marines**

Since 1918, women have answered the call to serve proudly in the United States Marines and the role of women in the Marines has evolved and expanded. All Women Marines can look forward to the future proudly, while never forgetting the women who made this future possible.

In 1918, the Secretary of Navy allowed women to enroll for clerical duty in the Marine Corps. Officially, Opha Mae Johnson is credited as the first woman Marine. Johnson enrolled for service on August 13, 1918; during that year some 300 women first entered the Marine Corps to take over stateside clerical duties from battle-ready Marines who were needed overseas. The Marine Corps Women's Reserve was established in February 1943. June 12th, 1948, Congress passed the Women's Armed Services Integration Act and made women a permanent part of the regular Marine Corps.

In 1950, the Women Reserves were mobilized for the Korean War and 2,787 women served proudly. By the height of the Vietnam War, there were about 2,700 women Marines served both stateside and overseas. By 1975, the Corps approved the assignment of women to all occupational fields except infantry, artillery, armor and pilot/air crew. Over 1,000 women Marines were deployed in Operations Desert Shield and Desert Storm in 1990-1991.

Today --Women serve in 93 percent of all occupational fields and 62 percent of all billets. Women constitute 6.2 percent of the Corps

## The Marine Corps Rose

In 1778, during the War of Independence, the Marine Corps Rose was dedicated to those Marines who made the Ultimate Sacrifice for their country. This tradition was continued by the French during World War One when the Marines attacked the Germans in the trenches at Belleau Wood, Roses were planted by the grateful French people at the graves of the Fallen Marines. When and where ever you see Leaguers or Young Marines distributing these remembrances take and wear one proudly.
